

5 KEYS TO SUCCESS

These 5 Keys can make quitting tobacco easier and more successful.

1 SET YOUR QUIT DATE.

Pick a day within two weeks of your first Helpline call. Be sure to choose a day when you know you won't be busy, stressed or tempted to smoke.

2 HAVE A GOOD SUPPORT SYSTEM.

Find people who'll help and encourage you to quit, like family members, friends or coworkers.

3 TOBACCO-PROOF YOUR LIFE.

Rid your home, car and work of anything related to tobacco.

4 USE NICOTINE REPLACEMENT THERAPIES.

NRTs like patches, gum or lozenges can help ease you into quitting.

5 PRACTICE WITH MINI-QUITS.

Practice quitting for short periods of time before your quit date. Mini-quits can help you learn how to cope with urges to smoke.
